Minnesota Management & Budget

NOTICE OF COLLECTION OF PRIVATE DATA

Minnesota Management & Budget (MMB) administers the State Employee Group Insurance Program (SEGIP). This notice explains why we may request information (data) about you, your spouse, and dependents, how we will use it, who will see it, and your obligation to provide that information.

What information will we use?

We will use the information you provide us at this time, as well as information previously provided us, about yourself, your spouse, or dependent(s). If you provide any information about that is not necessary, we will not use it for any purpose.

SEMA4, the information system used to administer employee benefits, contains required information fields that may not be necessary for us to process your request. We do not need the gender or marital status for your beneficiary designation, so you may enter "unknown" in these fields. We only need your dependent's date of death to process a death benefit claim or to discontinue the dependent's coverage due to his or her death. Student status and disability status are needed only to determine eligibility for insurance continuation for your dependent. We need the social security numbers and birth dates of your spouse and dependent to offer insurance continuation, process a death benefit, to ensure we are matching them to the correct insurance benefit transaction and to comply with federal Medicare coordination laws.

Why we ask you for this information?

We ask for this information so that we can successfully administer SEGIP. This information is used to process your request to add or change coverage for yourself, your spouse, dependents or beneficiary. The requested information helps us to determine eligibility, to identify you and your spouse, and dependents, and to contact you or your spouse, and dependents. The information is also used to develop new programs, ensure current programs effectively and efficiently meet member needs, and to comply with federal and state law and rules. We may ask for information about you, your spouse or dependents that we have already collected, including all or part of your social security number, in order to ensure we are matching you to the correct insurance benefit transaction.

Do you have to answer the questions we ask?

You may not be legally required to provide any of the information requested.

What will happen if you do not answer the questions we ask?

If you do not answer these questions, the insurance benefit transaction you requested for you or your spouse, dependent or beneficiary or other insurance benefit transaction may be delayed or denied.

Who else may see this information about you and your spouse and dependents?

We may give data about you and your spouse, and dependents to the insurance carrier you have chosen, SEGIP's other representatives, vendors and actuary; the Legislative Auditor; the Department of Health; the Department of Commerce; and any law enforcement agency or other agency with the legal authority to the information; and anyone authorized by a court order. In addition, the parents of a minor may see information on the minor unless there is a law, court order, or other legally binding instrument that blocks the parent from that information.

How else may this information be used?

We can use or release this information only as stated in this notice unless you give us your written permission to release the information for another purpose or to release it to another individual or entity. The information may also be used for another purpose if Congress or the Minnesota Legislature passes a law allowing or requiring us to release the information or to use it for another purpose.
